

Don't Get TAGGED

Make sure you use the correct tag when you kill a deer or turkey, or retain an oversized red drum.

- 1 Immediately CUT OUT the month and day on the proper license tag.
- 2 Attach proper tag IMMEDIATELY upon killing a deer or turkey, or retaining oversized red drum. The tag must remain attached to the game or fish until it reaches its FINAL DESTINATION and is FINALLY PROCESSED.
- 3 Immediately upon killing a white-tailed deer, complete the WHITE-TAILED DEER LOG on the back of your hunting license.

TAGGING FISH

Immediately upon retaining a fish:

- Remove tag from license and use entire tag.
- Fill in ALL information spaces on front of tag.
- CUT OUT day and month.
- Attach tag with a string or wire to the narrowest part of the tail, just ahead of the tail fin.

TAGGING DEER OR TURKEY

Immediately upon retaining a deer or turkey:

- Remove appropriate tag from license.
- Fill in ALL information (ranch, wildlife area, etc. and county) on back of tag.
- CUT OUT day and month.
- Securely attach tag anywhere on deer or turkey so that it is not damaged, defaced or lost in transporting or handling.
- Don't forget to fill out the White-tailed Deer Log (if applicable).
